Now the legal bit. We want you to have fun and stay safe today, so please make sure you read and understand the following information:

- I understand that I am responsible for ensuring my safety during this litter pick.** This means that I will be on my guard against the following potential risks, as well as any others that may occur in the course of the day:
 - There are a number of risks inherent in a litter pick to watch out for: sharp cans, broken glass, needles. Anything that you feel is unsafe to put into a bag, please get the attention of an organiser so that it can be placed in a separate container.
 - If you encounter dog fouling, please leave the mess where it is and warn the people you are working with.
 - Please use the litter picker as much as possible to avoid touching the rubbish and to be kind to your knees and back.
 - Please be mindful of brambles, nettles, and the weather: we do not want you to get overheated or too cold.
 - Please do not approach the water and use caution if on the riverbank.

 - I give my permission to be contacted about future Off the Ground events.

 - I give my permission for my photograph to be used by Off the Ground and other publicity sources, both online and in print.
- I don't want to fill out this form again: I agree that my answers will stand for this and all future Off the Ground events.
